

## ENORMOUS PROFITS OF HARVESTER TRUST

McCormick Stockholders Get  
1000 Per Cent for 5 Years  
Prior to Consolidation.

CHICAGO, Nov. 1.—How the property of the Aultman & Miller company of Akron, O., was acquired by the International Harvester company in November, 1905, was related today by William A. Vincent, an attorney in the government's dissolution suit against the alleged combination.

The witness said he purchased the property at a receiver's sale in July, 1905, for \$440,000 and after operating it ostensibly as an independent concern for more than two years, transferred it to the alleged combination in November, 1905. The witness said that after acquiring the plant the name of the plant then was changed to the Aultman & Miller Harvester company.

Mr. Vincent said he understood to purchase the property as the agent of Cyrus H. McCormick and James H. Deering, but that his proposition was refused by the company. Later the witness said he purchased the property on his own account although he felt all along that he morally was bound to let the International Harvester company eventually have it.

"Where did you get the money to buy the property?" inquired Attorney Edwin H. Grosvener.

"I borrowed it from the First National bank of New York," replied the witness.

"Did you confer with anybody when you were making the purchase?"

"Yes, I frequently talked with Cyrus H. McCormick and James H. Deering,"

"The witness said that Ira G. Miller, a member of the company, first asked him to negotiate with the International Harvester company for the sale of the property."

William N. Racy, controller of the International Harvester company, was called to the stand to submit reports of the appraisal made of the properties of the consolidated companies before the merger.

The physical value of the plant as reported by the appraisers follows:

McCormick Harvester Machine company, \$2,000,000.

Deering Harvester company, \$2,257,192.

Wander Harvester company, \$4,637,195.

Piano company, \$2,400,000.

The figures showed that the profits of the McCormick Harvester Machine company for the five years prior to the consolidation aggregated \$2,500,000, or 1000 per cent on a capitalization of \$2,500,000.

The profits of the Deering Harvester company were shown to be nearly as large.

## SEVEN YEARS OF MISERY

How Mrs. Bethune was Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Sikeston, Mo. — "For seven years I suffered everything. I was in bed for

four or five days at a time every month, and so weak I could hardly walk. I had cramps, backache and headache, and was so nervous and weak that I dreaded to see anyone or have anyone move in the room. The doctors gave me medicine to ease me at those times, and said that I ought to have an operation. I would not listen to that, and when a friend of my husband's told him about Lydia E. Pinkham's Vegetable Compound and what it had done for his wife, I was willing to take it. Now I look the picture of health and feel like it, too. I can do all my own housework, work in the garden and entertain company and enjoy them, and can walk as far as any ordinary woman, any day in the week. I wish I could talk to every suffering woman and girl, and tell them what Lydia E. Pinkham's Vegetable Compound has done for me."—Mrs. DEMA BETHUNE, Sikeston, Mo.

Remember, the remedy which did this was Lydia E. Pinkham's Vegetable Compound.

It has helped thousands of women who have been troubled with displacements, inflammation, ulceration, tumors, irregularities, periodic pains, backache, that bearing down feeling, indigestion, and nervous prostration, after all other means have failed. Why don't you try it?

## CREW GOES DOWN WITH GASOLINE SCHOONER

MARSHFIELD, Or., Nov. 1.—The small gasoline schooner Osprey and her entire crew of six men were lost at the entrance of the port of Marshfield early today when the vessel crashed into the jetty in a heavy sea. Captain Jacobson attempted to bring the schooner in over the bar where the waves were running mountain high, but the wind failed him and his boat was swept down on the jetty. Every sea drove across the schooner's decks and the entire crew was carried overboard and lost.

"Tells the Whole Story."

To say that Foley's Honey and Tar Compound is best for children and grown persons and contains no opiates tells only part of the tale. The whole story is that it is the best medicine for coughs, colds, croup, bronchitis and other affections of the throat, chest and lungs. Stops la grippe, coughs and has a healing and soothing effect. Remember the name, Foley's Honey and Tar Compound, and accept no substitutes. Schramm-Johnson, Drugs.

## SIX CHILDREN IN THIRTEEN MONTHS

FRANKLIN, Pa., Nov. 1.—Six children born in a little over thirteen months is the remarkable record of Mrs. Stephen Nagotte of Frenchtown. She has had fifteen children in twelve years and thirteen of them are living.

September 10, 1911, she became the mother of triplets, two girls and a boy, and yesterday three sturdy boys arrived, just thirteen months and twenty days after the other trio. The mother is an American and the father, of French descent. Besides the triplets there has been one pair of twins.

One of the three born last year died a few months ago, but the other two were crying lustily when the new trio arrived. Mrs. Nagotte, a small woman, does all her own work, including the care of the children. The father has a large farm.

Big Blast Touched Off.

VALHALLA, N. Y., Nov. 1.—Fifteen tons of dynamite—1235 sticks in all—will be set off in one blast early tomorrow in the stone quarry at Keosauqua. The quarry is to be blown up to produce stone for the Keosauqua dam and reservoir, the largest in the chain of artificial lakes to be used in starting New York City's new water supply.

Don't waste your money buying strengthening plasters. Chamberlain's Liniment is cheaper and better. Dampen a piece of flannel with it and bind it over the affected parts and it will relieve the pain and soreness. For sale by all dealers.
